Serial No.: 10/618,813

36. The method of claim 35 wherein the holder on a vehicle body is the existing hole or holder on a

vehicle body or an additional holder.

37. The method of claim 35 wherein the protector has or has not a function to be pressed or

expanded.

38. The method of claim 35 wherein the holder has or has not a function to be pressed or expanded.

39. The method of claim 35 wherein the protector is held by the holder firmly by a spring or screw.

40. The method of claim 35 wherein the protector is not taken out from the holder without releasing

the connection between the protector and holder.

41. A product for protecting a vehicle license plate, plate frame or cover plate according to the

method of claim 35.

42. A product for releasing the connection between the protector and holder according to the method

of claim 35.

Respectfully submitted,

John Lee

What is claimed is:

- 35. A method of protecting a vehicle license plate by a protector and a holder with pressed or expanded function comprising to screw or push the protector through the hole on a vehicle license plate and into the holder on a vehicle body to hold the protector, plate and holder together after the pressed or expanded part reruns for protecting the plate from being stolen.
- 36. The method of claim 35 wherein the holder on a vehicle body is the existing hole or holder on a vehicle body or an additional holder.
- 37. The method of claim 35 wherein the protector has or has not a function to be pressed or expanded.
- 38. The method of claim 35 wherein the holder has or has not a function to be pressed or expanded.
- 39. The method of claim 35 wherein the protector is held by the holder firmly by a spring or screw.
- 40. The method of claim 35 wherein the protector is not taken out from the holder without releasing the connection between the protector and holder.
- 41. A product for protecting a vehicle license plate, plate frame or cover plate according to the method of claim 35.
- 42. A product for releasing the connection between the protector and holder according to the method of claim 35.
